

Patient Name: _____

Date: _____

Depression

You have been prescribed _____ to treat you for depression. The chances of getting well with treatment are very good! If this medicine works for you, in **1 to 2 weeks**, you may notice:

More energy

Better sleep habits

Improved appetite

Remember, if this is the right medicine for you, it may take up to **6 weeks** or more to feel the full positive effects of the medicine, including:

Feeling less sad

Easier time making decisions

Getting along better with others

Feeling better about yourself

Contact your doctor if these things do not happen, or if you are having trouble with side effects.
